SUMMARY

I'm a front-end web developer with a strong foundation in HTML, CSS, and JavaScript. I enjoy building clean, responsive websites that focus on both usability and design. I'm currently growing my skills in React and Tailwind CSS to create more dynamic and modern user experiences. I'm a fast-learner, curious, and I like challenging myself with different tasks.

SKILLS

HTML5
Clean and accessible structure.

CSS3 / Flexbox / Grid
Responsive layouts and styling.

JavaScript (ES6+)
Dynamic website functionality.

Version Control (Git & GitHub)
Collab and version management.

Basic UI/UX Principles
Interfaces and user flow design.

Bootstrap
Responsive UI components.

jQuery
DOM manipulation and animations.
